### What's in a name?

Hillier has been at the forefront of British horticulture for over 140 years. Throughout all 14 Hillier Garden Centres plants and gardening predominate.

Hillier has the largest tree nursery in the country and all that work there are passionate about trees. The cafes at Hillier Garden Centres take their names from popular British garden trees. This inspires us to use beautiful images of trees to decorate our cafes.

We strive for horticultural excellence in our garden centres and we aim for culinary excellence and a warm welcome in this coffee shop.

### We hope you enjoy your visit
